

# Egg Drop Activity

Successfully land your Space Rover Egg by protecting it from breaking as it lands.

Use any of the materials provided to design and build your landing vehicle.

A successful landing includes retrieval of the egg from the landing craft.

You may purchase extra materials as shown below.

All materials have the same cost.

Sellotape 1 piece	One paper cup	One toilet roll tube
Blue Tack 1 blob	Piece of card A5 size	Glue
Bin bag 1 piece	Newspaper One large sheet	Kitchen roll Two pieces
String 1m piece	Bubble wrap One piece	Five paper clips
Cotton Wool 1 piece	One balloon	Piece of paper A4 size
